Easy-read tenancy and support agreements (2nd ed)

Tenancy agreements tend to be written in inaccessible and legalistic language, which can be hard and often impossible to understand for people with learning disabilities and for people who have difficulty reading.

This book will help people understand tenancy and support agreements, and accompanying chapters will help staff understand and explain tenants' legal rights.

This book has been written in partnership with the Association for Supported Living.

The book is set out to be as helpful and as clear as possible:

- key areas are clearly highlighted
- written in simple jargon-free language
- plain images used throughout
- photos, drawings and illustrations

The text of the agreements is available in digital (Word) format. This allows flexibility to adapt and amend for your association. Purchasers can email the bookshop to receive their copy.
